

# DDAN - Digital Day and Night Elbow Assembly

## Optex PN: 51000800

United States Patent Number: 8,638,387

Our DDAN Elbow Assembly, for the M36/DIM36 Periscope, provides full 720p digital output into 4 separate video channels (2 day and 2 night).

This new patented design combines both the day and night channels into one LRU. Images smoothly adjust to any changes in lighting conditions.

### Specifications:

- 720p Digital Output
- 4 Simultaneous Channels (2 Day/2Night)
- 7X, 14X, and 21X Magnification Levels
- 18mm 3rd Generation Image Tube
- Image Focus and Resolution exceed MIL-E48441(MU) Requirements

M36/DIM36 Compatible

Day View
